

Online Safety Policy 2024/2025

Document provenance

This policy was approved by:

Committee: Education Committee

Date of Approval: May 2024

Executive Leadership Team (ELT) Owner:

National Director of Attendance, Behaviour
and Safeguarding

Date of Review: May 2026

Unless there are legislative or regulatory changes in the interim, this policy will be reviewed every two years. Should no substantive changes be required at that point, the policy will move to the next review cycle.

Policy purpose and summary

This Policy outlines the Trust approach to ensuring that everyone can work safely online. It sets out individual responsibilities to ensure compliance with this Policy.

Summary of changes at last review:

1. Greater clarification on the DFE definitions relating to the 4 key risk areas:
Content
Contact
Conduct
Commerce – added to section 3 policy statement.
2. Expectation that this policy should be read in line with the Safeguarding and Child Protection policy, AI policy and social media policy. - added to scope – section 2.6
3. Greater clarity in the policy document regarding working from home or outside the Academy – section 6

Online Safety Policy 2024 / 2025

1. Introduction and Purpose

- 1.1. E-ACT is committed to promoting the welfare and safety of our students in all of our academies when using digital and online technologies. E-ACT recognises the importance of the contribution it can make to protecting and supporting students across its academies in their use of these technologies.
- 1.2. This policy is designed to incorporate all aspects of child protection and safeguarding that may be affected by digital technology, mobile phone technology, as well as E-ACT's use of technology with its academies.
- 1.3. E-ACT will refer to the most recent government, Department for Education (DfE) and Information Commissioners Office (ICO) guidance and documentation with regard to data protection, data storage and privacy compliance.

2. Scope

- 2.1. This policy applies to all E-ACT staff (including agency), pupils/students, parents/carers, Trustees, Ambassadors, and other volunteers.
- 2.2. This policy applies to any individual who is given access to E-ACT's digitally connected systems (including email addresses and any other data source or system that is hosted/operated/controlled remotely or other by the organisation).
- 2.3. E-ACT expects all academies will make reasonable use of relevant legislation and guidelines to affect positive behaviour regarding the use of technology and the Internet both on and off the academy site. This will include imposing rewards and sanctions for behaviour - as defined as regulation or student behaviour under the Education and Inspections Act 2006⁵. The 'In Loco Parentis' duty allows the academy to report and act on instances of cyber bullying, abuse, harassment (including sexual harassment), malicious communication and grossly offensive material; including reporting to the police, social media websites, and hosting providers on behalf of pupils.
- 2.4. As identified by Keeping Children Safe in Education¹, this policy recognises that technology plays a significant role in children's lives and abuse can take place concurrently online and in daily life. Online safety must therefore be considered as part of a whole academy approach.
- 2.5. The Online Safety Policy covers the use of:
 - Academy based IT systems and cloud-based software;
 - Academy based intranet and networking;
 - Academy related external Internet, including but not exclusively, extranet, e-learning platforms, blogs, social media websites;
 - External access to internal academy networking, such as webmail, network access, file-serving (document folders) and printing;
 - Academy IT equipment off-site, for example staff laptops, digital cameras, mobile phones, tablets, dongles;

¹¹¹ <https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

- Student and staff personal IT equipment when used in the academy and which makes use of the academy networking, file-serving, or Internet facilities;
- Tablets, mobile phones, devices, and laptops when used on the academy site.

<http://www.legislation.gov.uk/ukpga/2006/40/contents>

2.6 This policy should be read in conjunction with the Trust's Safeguarding and Child Protection Policy, AI policy, IT Acceptable Use policy and social media policy found here.

3. Policy Statement

3.1. The definition of an online incident is:

“Any incident that occurs and involves any person (student or adult) where the use of technology (equipment and/or networks) enables or facilitates inappropriate behaviour and harm and/or distress is caused to another person or the reputation of the Academy and/or E-ACT. This may include the use of social media, forums, blogs, open and closed groups, digital images, messages, or any other means.”

3.2. The most likely areas of risk to students are:

- **CONTENT:** Exposure to illegal inappropriate or harmful material; being exposed to illegal, inappropriate, or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism.
- **CONTACT:** Subject to harmful online interactions with other users; being subjected to harmful online interaction with other users; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
- **CONDUCT:** The individual's personal online risky behaviour that then leads to harm; online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images (e.g. consensual and nonconsensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying, and:
- **COMMERCE:** Online 'commerce' (online gambling, inappropriate advertising, phishing, or financial scams); commerce: risks such as online gambling, inappropriate advertising, phishing and or financial scams.

3.3. E-ACT has a responsibility for ensuring that the resources are available to promote the safe use of technology and to promote understanding and awareness of the risks attached to the use of digital technology.

3.4. We seek to promote the use of technology and connectivity to ensure that the students are equipped with the necessary skills and knowledge to perform to the best of their ability both during their time in their academy and also in their future in their chosen careers and workplaces.

3.5. Staff and students must be able to use digital technology appropriately and safely

and understand the risks related to their activity. Students will receive online safety education as soon as they start using digital technology and this will be continually reinforced and monitored as students' progress through their school life.

- 3.6. E-ACT actively encourages a proactive approach to new and emerging technologies and threats to mitigate the risk of harm to students, staff and the trust and associated academies and their reputations. We seek to promote a 'cyber aware' culture that ensures all staff, students and trustees take part in and continue to develop their knowledge and understanding of online behaviour and in particular, how to prevent harm through continual learning resources, research, and encouragement from all teachers.

4. Standards and Expectations

4.1. Systems

- 4.1.1. Academy computer systems will be configured to ensure the teaching and learning requirements of the academy are met whilst ensuring online safety is maintained.
- 4.1.2. Risk assessments are completed (a Data Privacy Impact Assessment, DPIA) when there is a major overhaul to the system or a new cloud-based software package is purchased, for example.
- 4.1.3. The system will be compliant with the academy, Trust, local authority, DfE, ICO and Data Protection guidelines with regard to online safety procedures being met.
- 4.1.4. Regular audits and evaluations of the IT network will be carried out, identifying where improvements can be made.
- 4.1.5. Academy IT staff will be responsible for monitoring IT use.

4.2. Filtering & Monitoring

- 4.2.1. The academy will ensure an accredited filtering system is used. Filtering reports and logs will be examined regularly.
- 4.2.2. The academy will ensure an accredited monitoring system is used. Monitoring reports and logs will be examined regularly.
- 4.2.3. Any filtering incidents are examined, and action taken and recorded to prevent a recurrence. The academy will provide enhanced/differentiated user-level filtering. Internet access will be filtered for all users.

4.3. Network security

- 4.3.1. All users will have clearly defined access rights to academy technical systems and devices.
- 4.3.2. All users will be provided with a username and secure password by academy IT staff. Users are responsible for the security of their username and password.

- 4.3.3. The Network Manager and Headteacher/other designated senior person will have access to the main administrator password.
- 4.3.4. Appropriate security measures are in place to protect the servers, firewalls, routers, wireless systems, workstations etc. from accidental or malicious attempts which might threaten the security of the academy systems and data.

4.4. Use of images and videos

- 4.4.1. The academy will ensure images and videos of students, staff, students' work and any other personally identifying material are used, stored, archived, and published in line with the Data Protection Act, ICO guidance for schools, DfE guidance for schools and the Acceptable Use Policy (Appendix 1).
- 4.4.2. When using digital images, staff should inform and educate students about the risks associated with the taking, use, sharing, publication and distribution of images, in particular the risks attached to publishing their own images on the Internet e.g., social media sites.
- 4.4.3. Written permission from parents or from E-ACT will be obtained before photographs of students are published on the academy website/social media/local press.
- 4.4.4. In accordance with guidance from the ICO, parents are able to take videos and digital images of their children at academy events for their own personal use but should not be made publicly available where other students are involved in the digital image or video.
- 4.4.5. Students must not take, use, share, publish or distribute images of others without their permission.

4.5. Data Protection

- 4.5.1. Personal data will be recorded, processed, transferred, and made available according to the Trust Data Protection Policy and in compliance with GDPR and the Data Protection Act (1998).

4.6. Social Media

- 4.6.1. Trustees, academy, national and regional team staff, students and volunteers are expected to comply with the Trust's Social Media Policy.

5. Responsibilities

- 5.1. The headteacher has a duty of care for ensuring the safety (including online safety) of members of the academy community. Headteachers should ensure that all academy staff and visitors are aware of the Online Safety Policy and procedure and of their responsibilities set out in this policy. It is the responsibility of the Headteacher to ensure that breaches of the policy are investigated and addressed.
- 5.2. Academy staff, regional and national team staff, ambassadors and trustees are expected to adhere to the policy and procedure and ensure that they conduct

themselves in a manner that will not place students or vulnerable adults at risk, bring the academy into disrepute or damage their own professional reputation.

5.3. Academy management and online safety

- 5.3.1. Academy Senior Leadership Teams (SLTs) are responsible for determining, evaluating and reviewing online safety to encompass teaching and learning, use of academy IT equipment and facilities by students, staff and visitors, and agreed criteria for acceptable use by students, academy staff and trustees of Internet capable equipment for academy related purposes, or in situations which will impact on the reputation of the academy, and/or on academy premises. This is in line with expectations in Keeping Children Safe in Education in relation to an annual review/risk assessment of online safety provision.
- 5.3.2. Regular assessment of the strengths and weaknesses of practice within the academy will help determine INSET provision needed for staff and guidance provided to parents, students, and local partnerships.

5.4. Online Safety Co-ordinator

- 5.4.1. The academy has a designated Online Safety Co-ordinator (see individual academy website for contact details) who reports to the Senior Leadership Team and co-ordinates online safety provision across the academy and wider academy community.
- 5.4.2. The academy's Online Safety Co-ordinator is responsible for online safety issues on a day to day basis and also liaises with relevant stakeholders including IT support, the Trust's Safeguarding Leader, and other Trust contacts, to ensure the safety of students.
- 5.4.3. The Online Safety Co-ordinator maintains a log of submitted online safety reports and incidents.
- 5.4.4. The Online Safety Co-ordinator audits and assesses inset requirements for staff, support staff and trustee online safety training, and ensures that all staff are aware of their responsibilities and the academy's online safety procedures. The Co-ordinator is also the first port of call for staff requiring advice on online safety matters.
- 5.4.5. The Online Safety Co-ordinator is responsible for promoting best practice in online safety within the wider academy community, including providing and being a source of information for parents and partner stakeholders. This may include facilitating regular assemblies and other such activities that focus on positive messages and behaviours.
- 5.4.6. The Online Safety Co-ordinator will be involved in any risk assessment of new technologies, services, or software to analyse any potential risks.

5.5. Trustees and academies team

- 5.5.1. The Trustees delegate a number of functions to the national teams. The Trust Safeguarding Leader, on behalf of the Board of Trustees, and the academy's Online Safety Co-ordinator will liaise directly with one another with regard to reporting on online effectiveness, incidents, monitoring, evaluation to the Executive Leadership Team (ELT) and the Education Committee and developing and maintaining links with local stakeholders and wider academy community.
- 5.5.2. This is important also to provide and evidence of a link between the academy, trustees, and parents.
- 5.5.3. The Safeguarding Leaders must ensure that they have demonstrable experience, skills and training to be able to provide appropriate challenges and support to the academy management team.

5.6. IT support staff

- 5.6.1. Internal IT support staff are responsible for maintaining the academy's networking, IT infrastructure and hardware. IT staff will be aware of current thinking and trends in IT security and ensure that the academy system, particularly file-sharing and access to the Internet, is secure. IT staff will ensure systems are not open to abuse or unauthorised external access.
- 5.6.2. IT support staff in academies are responsible for:
- Defending the network and infrastructure of the academy, reviewing activity logs regularly;
 - Ensuring that users comply with basic access policies and that only trusted devices can connect to the academy network;
 - Filtering of search facilities is robust and regularly checked for penetration to ensure that the risk of students accessing material that is unsuitable is minimised;
 - To keep up to date with current threats and attack trends and take steps to mitigate this and communicate with the management team and Online Safety Co-ordinator;
 - To report to the management team and Online Safety Co-ordinator on any network intrusions or other threats to the network;
 - To ensure that any IT outsourced e.g., connectivity, maintenance, cloud-based services website, email provision, filtering, anti-virus, complies with DfE guidance and Data Protection regulations;
 - Promoting basic cyber security practices within the academy e.g., locking computers when away from the desk, using secure passwords, caution when using USB removable drives.
- 5.6.3. External contractors, website designers/hosts will be made fully aware of and agree to the Trust's Online Safety Policy.

5.7. All Staff

- 5.7.1. Teaching and support staff are responsible for ensuring that they understand

the Trust's Online Safety Policy, practices, and associated procedures for reporting online safety incidents in line with academy procedures.

- 5.7.2. All staff will be provided with an online safety induction as part of the overall staff induction procedures. All staff will attend mandatory online safety training provided by the academy or the Safeguarding Leader.
- 5.7.3. All staff will ensure that they have read, understood, and signed the Acceptable Use Policy (Appendix 1) relevant to Internet and computer use in each academy.
- 5.7.4. All teaching staff are to be vigilant in monitoring student Internet and computer usage in line with the policy. This may include the use of personal technology, such as cameras and phones on the academy site where there is a cause for concern.
- 5.7.5. Internet usage and suggested websites should be pre-vetted and documented in lesson planning.
- 5.7.6. Staff must promote and reinforce safe online practices when on and off-site, including providing advice to students on how to report incidents.
- 5.7.7. Staff must report as soon as is practicable any suspected misuse of Trust/academy digitally connected systems to the Headteacher or Online Safety Co-ordinator.

5.8. Designated Safeguarding Lead (DSL)

The DSL

- 5.8.1. Will hold the lead responsibility for online safety, within their safeguarding role.
- 5.8.2. Will be trained in specific online safety issues e.g., CEOP accredited course or equivalent.
- 5.8.3. Will be responsible for escalating online safety incidents to the relevant external parties e.g., CEOP, Cyber Choices, National Cyber Security Centre, local Police, Local Safeguarding Children's Board, social care and parents/E-ACTs, ELT. Possible scenarios might include:
 - Allegations against members of staff;
 - Cybercrime – illegal hacking, denial of service, use of malware;
 - Allegations or evidence of 'grooming';
 - Allegations or evidence of cyber bullying in the form of threats of violence, harassment, or a malicious communication;
 - Sharing of indecent images including nudes or semi-nudes (consensual or non-consensual) ~~to~~;
 - Sexual violence or harassment between peers (peer on peer abuse).
- 5.8.4. Is responsible for acting 'in loco parentis' and liaising with websites and social media platforms, such as Twitter and Facebook, to remove instances of illegal material or cyber bullying.

5.9. Pupils/Students

- 5.9.1. Pupils/students must ensure use of academy Internet and computer systems in agreement with the terms specified in the policy. In secondary phases, students are expected to sign the policy to indicate agreement.
- 5.9.2. Students are responsible for ensuring they report online safety incidents in the academy or with other external reporting facilities, such as CEOP or Childline, and are expected:
- To be aware of and comply with academy policies for Internet and mobile technology usage in the academy, including the use of personal items such as mobile phones;
 - To be aware that their Internet use out of the academy on social networking sites, is covered under the Online Safety Policy if it impacts on the academy and/or its staff and students in terms of cyber bullying, reputation, or illegal activities;
 - To follow basic cyber security practices within the academy e.g., locking computers when away from the desk, using secure passwords, caution with use of USB removable drives.

5.10. Parents/Carers

- 5.10.1. Parents/carers must support the academy in its promotion of good Internet behaviour and responsible use of IT equipment and mobile technologies both at the academy and at home.
- 5.10.2. Where appropriate, parents should sign the academy's Acceptable Use Policy (Appendix 1), indicating agreement regarding their child's user and also their own use with regard to parental access to academy systems such as websites, forums, social media, online reporting arrangements and questionnaires.

5.11 Remote Education

- 5.11.1. Academies will have due regard to the DfE's 'Providing remote education: guidance for schools²' after the expiration of the temporary provisions in the Coronavirus Act 2020 in relation to remote education.

6. Working from home / outside of the Academy

- 6.1 Working from home and accessing personal data from outside of the academy presents risks we need to be aware of to keep staff, students and their data safe.
- 6.2 Staff members must use secure passwords and keep these safe. They must not be accessible by others.
- 6.3 Devices must always be locked when not in use.
- 6.4 Staff must only use official communication channels when communicating personal information about staff and students such as the academy email and

² <https://www.gov.uk/government/publications/providing-remote-education-guidance-for-schools>

Microsoft Teams.

6.5 Staff using academy devices for academy work should always use this for accessing academy data and websites. This device should have appropriate controls and safeguards in place to ensure that data is kept secure. Academy devices are for academy employees only and should not be used by any other members of the family or household.

6.6 Staff should not use personal devices for work-related activity.

6.7 Staff and students should always be aware of Phishing e-mails and should pay particular attention to the following:

- senders email address that does not match the organisation's address.
- spelling / grammatic mistakes
- Urgency in requests for action
- Requests to input personal credentials

6.8 Staff and students should not save any personal data onto removable media (USB drives, CDs etc) and instead use the approved tools and services already provided by the trust. Files and resources can be saved to One Drive through the Office 365 portal <https://portal.office.com>

6.9 Staff and students must stay alert and report anything that they are unsure of. If something looks or seems not right, it probably is not.

7. Review

7.1 This policy will be monitored as part of the academy's annual internal review and reviewed on a two-year cycle or as required by legislation changes.

7.2 An up-to-date copy of the policy will be available on the E-ACT website.

Appendix 1: Example wording for Acceptable Use Policy

Exemplar wording for an Acceptable Internet Use Statement for Students and Staff

In **xxxxxxxxxxxxxx**, students and teachers work in partnership within a learning community. Mutual respect, responsible attitudes to each other, to work and to property are at the foundation of each Academy's culture of achievement by all.

The computer systems at all E-ACT academies are the property of that academy and are a resource shared by all students and staff. Computer facilities, including portable units, are made available to students to further their education and to staff to enhance their professional activities, including teaching, research, administration, and management. Each Academy's Internet Access Policy has been drawn up to protect all parties - the students, the staff, and the Academy. Please contact the Headteacher for a copy of the Academy's Internet Acceptable Use Policy.

Key Points:

The Academy reserves the right to examine or delete any files, including emails, that may be held on its computer system and to monitor or restrict access to any Internet sites visited.

Students and staff using the Academy's computer system should sign a copy of this Acceptable Internet Use Statement and return it to:

- General Office in respect of Students.
- Headteacher's Office in respect of Staff (to remain on personnel file)

All staff and students should ensure that:

- Access to the Internet should only be made via the user's authorised account and password, which should not be made available to any other person;
- Activity that threatens the integrity of the Academy ICT systems, or activity that attacks or corrupts other systems, is forbidden;
- Users are responsible for all emails sent and for contacts made that may result in email being received;
- Copyright of materials must be respected;
- Use of personal financial gain, gambling or political purposes is forbidden;
- Use of the network to access inappropriate material is forbidden;
- All Internet activity should be appropriate to staff professional activity, student's education, or reasonable social use.
